What miserable day for a match!

The special thanks for all the gutsy shooters for putting up with windy conditions.

Please join us again because the weather will get better

Thanks, Jim

A cold, windy day for our first match of the year!! Let's hope the next match will be better weather.

We will shoot PRS targets all the way to 1000 yards for those interested in trying them. Thanks to everyone for joining us.

Thanks again, Jim
